CORRESPONDENT BANKING (MITIGATING THE RISKS IN RESPONDENT RELATIONSHIPS)

This masterclass is designed to provide attendees who manage respondent relationships with greater confidence in assessing the risks in new and existing relationships, and to identify higher risk relationships and transactions.

Attendees will be provided with a review of legal and regulatory responsibilities from the USA and UK, and best practices from the JMLSG Guidance and the Wolfsberg Group Guidance.

The workshop will provide a comprehensive summary and update on how to manage risks so that members can continue to provide respondent services to branches, subsidiaries, and parent groups in overseas territories.
